ROCKY MOUNTAIN ELK AND TULIPS

MAY 15, 2009 | ANNA

(May 2009) Unlike 2008 we did hardly any hiking this spring in Colorado! It was partly the weather (very cool and wet) and partly because we were preparing for our move back to California. However, there were several elk sightings in Lyons, and we also enjoyed the tulips in Boulder at the Pearl Street Mall as well as other location around the area.
