SPRING 2015 5K RACES

APRIL 18, 2015 | ANNA

Matthew and Dick at the Big Bunny Run

We've done several 5K races so far this year, and the Saturday before Easter we had the pleasure of running the Big Bunny Run with our grandson Matthew. Both Matthew and Anna got awards for being first in their age groups, and Dick got a third, plus a raffle chit for running gear. Not a bad haul, and it's a friendly, community-oriented event that we've been participating in for many years.

In March Anna and Dick ran the Racing Hearts 5K on the Stanford campus. One of the research areas benefiting from the event was HCM, the heart condition with which Anna was diagnosed this past year.
