RANCHO CAÑADA DEL ORO HIKE

JULY 26, 2016 | DICK

Last weekend Anna and I went for our first hike at Rancho Cañada Del Oro Open Space Preserve in Morgan Hill. This park was opened in 2007 and we had never been to it before. We traveled about 3 miles on the Mayfair Ranch trail through some beautiful Blue Oaks. The trail goes up along a ridge and is not too steep with a fair amount of shade along the way. It made for a very pleasant hike.
