CALIFORNIA HAS FALL COLORS, TOO!

NOVEMBER 18, 2017 | ANNA

In October (2017) the fall colors in Minnesota were spectacular.

But the folks in the Midwest don't need to think that they are the only ones who have fall colors! California has fall colors, too, and they usually last from September through December.

Here is a sample from a recent (November 2017) walk around our neighborhood.

I picked up these buckeye seeds on a recent run along Coyote Creek.
