# GRANDKID REPORT

MAY 20, 2017 | ANNA

Have I mentioned recently that our grandkids are growing up at an astonishing rate? Here's the latest news-in-pictures.

Featured above is Miranda with two of her musician friends after her last concert at Evergreen Valley High School. She is graduating on May 25 and will be attending West Valley Junior College in the fall.

*This is Matthew at one of the last races of the season. He's graduating from San Jose City College and going on to San Francisco State.*

Matthew, Ellen, and Rick

*Gillian and Archer after a recent 5K race. He is being promoted out of elementary (5th grade) and into middle school.*

*Here is Helena with a package of fidget spinners from China. She still loves art, plays the piano, and will be in 4th grade next year.*

## May is cherry season
