RE-CREATING 223 BONNIE WAY

DECEMBER 16, 2018 | ANNA

Earlier this year Ellen and Rick bought a lot in Glen Ellen, California, that had been through one of the big Sonoma County fires. The house had been destroyed (fortunately its owner got out in time), and Ellen and Rick bought it with the intention of building their future retirement home there.

In the meantime they have purchased a fifth-wheel trailer and settled it on the empty lot as a vacation cabin and a way to get acquainted with the neighborhood, town, and region.

Driveway

On December 16, 2018, we drove up for the day to see the newly installed “tiny house” and witness the post-disaster progress.
