# CONGRATULATIONS TO OUR GRADUATES, MATTHEW AND MIRANDA!

JUNE 29, 2020 | ANNA

*Miranda's virtual graduation ceremony from West Valley College*

Matthew's virtual graduation ceremony from SFSU

This year virtual graduations are the new normal, and we attended Grandson Matthew's and Granddaughter Miranda's in the oasis-like Livengood back yard watching the ceremony on one of their "auxiliary" TV monitors.

There were things we missed by not participating in person with thousands of other proud friends and relatives, but we still found the experience no less meaningful.

Congratulations to Matthew who got his BS degree in kinesiology from San Francisco State University, and to Miranda who got her AA degree in mathematics from West Valley College.

Miranda will go on to UC Davis in the fall where she'll major in computer science. Matthew is applying to various graduate schools for the fall of 2021.
