CORONA DIARY #04: WILDFLOWERS AND BEES AT ULISTAC

APRIL 28, 2020 | ANNA

California Poppy and bumblebee at Ulistac Natural Area, Santa Clara, California

We're lucky to have such a beautiful place less than a mile from our apartment. It's not too crowded, so we can continue to walk here even during "shelter-in-place."

Thistle

Yellow flower (image processed with Mobile Monet)

There are hundreds of these on the levee near Ulistac and Tamien Park
