Our regional day-trips won't last much longer: Tomorrow is June 1 and with the new month a lot of local and regional companies and other organizations will start to open their doors again to employees, customers, students, and visitors. Around here that means TRAFFIC.

This past Friday we drove up to hike at Sonoma Valley Regional Park in Glen Ellen.

Today (May 31, 2020) we attended a virtual church service, hiked at Alviso Marina County Park by San Francisco Bay, and brought home take-out brunch from Bill's Cafe.
