CORONA DIARY #13: LIGHTNING, FIRE, AND SMOKE

SEPTEMBER 5, 2020 | ANNA

Beginning of the thunder and lightning, 6:00 am, August 16

As if the pandemic were not enough, in August, starting on the 16th, we were hit with lightning, fire, and then thick, toxic smoke.

As of today (September 5), the fires are mostly contained, but we have shifted to 100+ degrees of heat. Needless to say, we're hoping for cooler temperatures and eventually rain.

August 16, about 6:30 am - more lightning

August 16, about 7:30 am

August 16, about 9:00 am

August 17: smoke, clouds, and an angry sunset

August 23: more smoke
