Between July 20-30, 2023, the Blomquists were in California.

They started out in San Jose, where Gillian and Mike attended her 30th high school (San Jose Academy) reunion, which she had chaired. Then they drove up to Glen Ellen, which was home base for a family reunion.

Ellen and Rick hosted the event in their brand-new home. Ellen and Gillian are super-organized, and they put together a great itinerary, which accommodated a variety of tastes, wants, and needs.

Other activities included fishing, wine tasting, a Giant's baseball game in San Francisco, shopping, and dinner at Salt & Stone. Swirling around the comings and goings of the residents and guests was the Livengood landscaping project.
